

Collage for Beginners and Beyond

with Beth Bynum 231-263-5396 or bethbynum@aol.com
\$95 non-members, \$65 members

You don't need drawing or painting skills to make a collage, but it is more than cut and paste. In this workshop, you will learn basic collage techniques while making several small pieces. Some of the techniques include pulled paper, transfers, stamp making, and stenciling. Bring an explorer's attitude and see what can be done with paper scraps, photographic images and found objects. Collage is the perfect medium since "anything goes". All skill levels welcome.

You need to bring

Sharp scissors

Ruler

Rubber stamps and permanent inks (optional)

Magazines you can cut up 2-3

Clear wide packing tape

Large Spoon for burnishing

Wet acrylic paints in the colors you would like to use in your work

Plain white tissue paper

Heat gun (if available)

Paper towels

Paper: Hunt for pictures and colors you might like. Magazine images, card stock, scrap booking paper, envelopes, paper napkins with nice designs, tissue paper, any kind of stickers, cancelled stamps, vintage paper from books, maps, images of numbers and letters, other paper ephemera.

*****It is helpful if you gather images you might like to put in a collage, perhaps by theme, color, or uniqueness. This is the fun part.**

*******Bring a lunch if you like.**

******* Wear work clothes.**
